

BASIL F.G. MUHAMMAD

I have been a secondary school teacher since 1987, spending 25 of those years as a head of department, teaching KS3/4/5, GCSE and A-Level in my main subject, Physical Education.

I have also taught History and Religious Education. I have also served as a teacher governor for a secondary school.

I have experience in co-ordinating a project which centred around a programme of mentoring, self-development and capacity building of African-Caribbean, African and Black Mixed heritage young people. I have also served as Chairperson of Camden Black Parents and Teachers Association in the past. In addition, I have been a lead co-ordinator in an African-Caribbean supplementary school.

I feel that I have a good level of understanding of the ethos of CAFCO UK Education Centre. I served as the temporary Headteacher providing cover for short period in 2017.

I am Familiar with the Thornton Heath area, and much of south London, as I have family who live in the area and, back in the 1980s and 90s, I was the club captain at the Brixton Topcats Basketball Club, based at the Brixton Recreation Centre.

I have a B. Ed in Physical Education, Religious, Social and Personal Education
