The Designated Safeguarding Lead in school for Child Protection is:

Name: Patricia Oliver (Interim Headteacher)

Contact details: 020 8771 6222

Email: headteacher@cacfo.org.uk

The Designated Safeguarding deputy Lead in school for Child Protection is:

Name: Nigel Dayes

Contact details: 02087716222 / 07592318203

Email: safeguarding@cacfoed.org.uk

The Nominated Governor for Child Protection is:

Name: Kehinde Omotayo

Contact details: 02081274550

Local Authority Contacts

Local Authority Designated Officer: The Local Authority Designated Officer (LADO) is the contact person for Heads or Chair of Governors when there is a concern or allegation that a staff member or volunteer has:
Behaved in a way that has harmed a child, or may have harmed a child, or possibly committed a criminal offence against or related to a child or behaved towards a child in a way that indicates they are unsuitable to work with children.

Steve Hall, LADO: 0208 726 6400 Ext: 52889

Direct line: 0208 255 2899

The LADO sits within the Children's Quality Assurance and Safeguarding Service. Telephone: 020 8726 6000 Ext: 63237.

For Safeguarding Advice contact the SPOC Consultation Line on: 02087266464.

For information about a referral email:

childreferrals@croydon.gov.uk

Urgent safeguarding response -0208255 2888

Safeguarding Consultation line -02087266464

Out of hours Duty team- 02087266400

For general child protection, safeguarding advice or to check if a child has a Child Protection Plan: The Children's Quality Assurance and Safeguarding Service (CQASS) offers child protection advice in relation to practice and policy within Croydon and in respect of the London Child Protection Procedures. The CQASS is also responsible for the reviewing of children subject to Child Protection Plans and children looked after. Requests for information about these children can be made to the CQASS.

Telephone: 020 8726 6000 Ext: 63237 and ask to speak with one of the Managers.

Emergency Duty Team: A social work service for emergencies only is available between 5pm and 8.30am Monday to Friday and during the weekend hours on: **020 8726 6000**

INTRODUCTION

The Governors and staff at CACFO UK Education Centre fully recognise the responsibilities and duty placed upon them to have arrangements to safeguard and promote the welfare of all pupils at the school. We recognise that all staff, including volunteers, has a full and active part to play in protecting pupils from harm.

We believe that our school should provide a caring, positive, safe and stimulating environment in which pupils can learn and the environment promotes the social, physical and emotional wellbeing of each individual pupil.

The school recognises their responsibilities and duties to report Child Protection concerns to the Social Services Department and to assist Social Services in Child Protection enquiries and in supporting Children in Need.

Our school procedures for safeguarding children will always be compliant with the London Child Protection Procedures produced by the London Safeguarding Children Board. Those procedures which have been adopted by the Croydon Local Safeguarding Children Board are available from <http://www.londonscb.gov.uk/procedures/>

The school will raise Child Protection concerns with parents / carers at the earliest appropriate opportunity.

The School is committed to safeguarding students and aims to create a culture of vigilance.

The school will ensure that all staff is given the opportunity to attend appropriate training in Child Protection issues, as recommended in the guidance.

LEGISLATION AND STATUTORY GUIDANCE

This policy is based on the Department for Education's statutory guidance, [Keeping Children Safe in Education \(2021\)](#) and [Working Together to Safeguard Children](#), and the [Governance Handbook](#). We comply with this guidance and the procedures set out by our local safeguarding children board.

This policy is also based on the following legislation:

- Part 3 of the schedule to the [Education \(Independent School Standards\) Regulations 2014](#), which places a duty on academies and independent schools to safeguard and promote the welfare of pupils at the school
- [The Children Act 1989](#) and [2004 amendment](#)
- Section 5B(11) of the Female Genital Mutilation Act 2003, as inserted by section 74 of the [Serious Crime Act 2015](#), which places a statutory

duty on teachers to report to the police where they discover that female genital mutilation (FGM) appears to have been carried out on a girl under 18

- [Statutory guidance on FGM](#), which sets out responsibilities with regards to safeguarding and supporting girls affected by FGM
- [The Rehabilitation of Offenders Act 1974](#), which outlines when people with criminal convictions can work with children
- Schedule 4 of the [Safeguarding Vulnerable Groups Act 2006](#), which defines what 'regulated activity' is in relation to children
- Statutory [guidance on the Prevent duty](#), which explains schools' duties under the Counter-Terrorism and Security Act 2015 with respect to protecting people from the risk of radicalisation and extremism
- Statutory guidance on 'Dealing with allegations of abuse against teachers and other staff', 2011 and seeks to promote effective multi-agency working in light of the document 'Safeguarding children and Safer Recruitment in Education'

AIMS

The school aims to ensure that:

- Appropriate action is taken in a timely manner to safeguard and promote children's welfare
- All staff are aware of their statutory responsibilities with respect to safeguarding
- Staff are properly trained in recognising and reporting safeguarding issues
- There is good communication between all members of staff in matters relating to child protection
- There is a structured procedure within the school which will be followed by all members of the school community in cases of suspected abuse
- There is a systematic means of monitoring pupils known or thought to be at risk of significant harm
- We work openly and in partnership with parents in relation to child protection concerns
- We support all pupils' development in ways that will foster security, confidence and independence
- We promote safe practice and challenge poor and unsafe practice
- We develop and promote effective working relationships with other agencies involved with safeguarding and promoting the welfare of

children

- We ensure that all adults working within the school have been checked as to their suitability to work with children
- We integrate opportunities into the curriculum for children to develop the skills they need to recognise and stay safe from abuse. Through our PSHE lessons we address Healthy Living, Living in the World and Healthy Relationships and within those topics safeguarding issues are covered.
- We take account of and inform policy in related areas, such as anti-bullying; discipline and behaviour; health and safety; restraint procedures; procedures for dealing with allegations against staff and recruitment practice.

PHYSICAL INTERVENTION AND RESTRAINT

- Our policy on physical intervention by staff is set out in the Behaviour Policy and acknowledges that staff should only use physical intervention in particular circumstances, and that the minimum force should be used to prevent harm to the child or another child or adult.
- Physical intervention which causes injury or severe distress to a child may have to be considered under child protection or disciplinary procedures.

DEFINITION

Safeguarding and promoting the welfare of children means:

- Protecting children from maltreatment
- Preventing impairment of children's health or development
- Ensuring that children grow up in circumstances consistent with the provision of safe and effective care
- Taking action to enable all children to have the best outcomes

Child protection is part of this definition and refers to activities undertaken to prevent children suffering, or being likely to suffer, significant harm.

- Child abuse is taken to refer to any child of under 18 years who, through the actions of adults (with a caring role for that child) or their failure to act, has suffered or is at risk of suffering significant harm
- Abuse is broadly divided into five categories: Neglect, Physical Injury, Sexual Abuse, Emotional Abuse and **Cyber abuse**.

- **Neglect** is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. It may involve a parent or carer failing to provide adequate food, shelter or clothing, failing to protect a child from physical harm or danger or the failure to ensure access to appropriate medical care and treatment. It may also include neglect of, or unresponsiveness to a child's basic emotional needs.
- **Physical abuse** may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer feigns the symptoms of, or deliberately causes ill health to a child who they are looking after. This situation is now known as illness fabricated or induced by carer (previously Munchausen's Syndrome by Proxy).
- **Sexual abuse** involves forcing or enticing a child or a young person to take part in sexual activities, whether or not the child is aware of what is happening. The activities may involve physical contact, including penetrative (e.g. rape or buggery) or non-penetrative acts. They may include non-contact activities, such as involving children in looking at pornographic material or watching sexual activities or encouraging children to behave in sexually inappropriate ways. Upskirting is also a form of peer-on-peer abuse. Upskirting is typically when photograph is taken under a person's clothing without them knowing, for sexual gratification or cause the victim humiliation, distress or alarm.
- **Emotional abuse** is the persistent ill treatment of a child, such as to cause severe and persistent adverse effects on the child's emotional development. It may involve conveying to children that they are worthless or unloved, inadequate or valued only insofar as they meet the needs of the other person. It may feature age or developmentally inappropriate expectations being imposed on children. It may involve causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of ill treatment of a child although it may occur alone.
- **Cyber abuse** is any level of bullying or harassment which happen online within the digital sphere.
- **Sharing of nudes and semi-nudes** (also known as sexting or youth produced sexual imagery) is where children share nude or semi-nude images, videos or live streams.

Children includes everyone under the age of 18.

- The following 3 **safeguarding partners** are identified in Keeping Children Safe in Education (and defined in the Children Act 2004, as

amended by chapter 2 of the Children and Social Work Act 2017). They will make arrangements to work together to safeguard and promote the welfare of local children, including identifying and responding to their needs:

- The local authority (LA)
- A clinical commissioning group for an area within the LA
- The chief officer of police for a police area in the LA area

EQUALITY STATEMENT

Some children have an increased risk of abuse, and additional barriers can exist for some children with respect to recognising or disclosing it. We are committed to anti-discriminatory practice and recognise children's diverse circumstances. We ensure that all children have the same protection, regardless of any barriers they may face.

We give special consideration to children who:

- Have special educational needs or disabilities
- Are young carers
- May experience discrimination due to their race, ethnicity, religion, gender identification or sexuality
- Have English as an additional language
- Are known to be living in difficult situations – for example, temporary accommodation or where there are issues such as substance abuse or domestic violence
- Are at risk of FGM, sexual exploitation, forced marriage, or radicalisation
- Are asylum seekers
- Are at risk due to either their own or a family member's mental health needs
- Are looked after or previously looked after (see section 12)
- Are missing from education
- Whose parent/carer has expressed an intention to remove them from school to be home educated

KEY PRINCIPLES

- We believe that all children have a right to be protected from harm and /or abuse
- We recognise that abuse occurs in all cultures, religions and social classes and that staff need to be sensitive to the many differing factors which

need to be taken into account depending on the child's cultural and social background.

- We recognise that because of the day to day contact with children, school staff are extremely well placed to observe outward signs of abuse
- We recognise that a child who is abused or witnesses abuse or violence may find it difficult to develop and maintain a sense of self-worth, they may feel helpless and humiliated and may feel self-blame.
- We recognise that the school may provide the only stability in the lives of children who have been abused or are at risk of harm.
- We accept that research shows that the behaviour of a child in these circumstances may range from that which is perceived as normal to that which is overly aggressive, disturbed or withdrawn.
- We know that it is important that children feel secure, are encouraged to talk and are sensitively listened to, and that children know that there are adults in school whom they can approach if they are worried or unhappy.
- We adhere to the principles of working in partnership with those who hold parental responsibility for each child.
- The prime concern at all times must be the welfare and safety of the child. Where there is a conflict between the needs of the child and the parent/carer, the interests of the child must be paramount.

PROCEDURES

Safeguarding and child protection is **everyone's** responsibility. This policy applies to all staff, volunteers and governors in the school and is consistent with the procedures of the 3 safeguarding partners. Our policy and procedures also apply to extended school and off-site activities. (related documents are listed in Appendix 1).

We will therefore ensure that:

- We have a designated member of staff who has received appropriate training and support for this role. See page 1.
- A member of staff who will act in the absence of the DSL. See page 1.
- Every member of staff, volunteer and governor knows the name of the designated teachers and their role.
- All staff should develop their understanding of signs and indicators of abuse and understand their responsibilities in passing concerns to the designated teacher.
- Staff must complete a Cause for Concern form and hand this to the DSL, after a disclosure or following a child protection concern.
- All staff members are trained to respond correctly to a child who discloses abuse.
- All parents / carers are made aware of the responsibilities of staff members with regard to Child Protection procedures.

- We will refer any child believed to have suffered or to be likely to suffer significant harm to the Social Services Dept. on the same day of the disclosure, and will follow up any such referral in writing within 24 hours.
- The duty of care and all child protection procedures and policy issues extend to pupils on individualised timetables and induction programmes.
- We will ensure the immediate safety of any child felt to be at serious risk by taking appropriate action and by involving other relevant agencies as necessary
- We will develop effective links with relevant agencies and co-operate as required with their enquiries regarding child protection matters, including attendance at CP case conferences wherever possible and providing reports as a matter of urgency
- We will contribute to multi – agency assessments of children’s needs where appropriate.
- Written records are kept of all concerns, whether or not there is a need to refer the matter immediately, these records are kept securely, separate from the main pupil file electronically. This is coordinated by the Designated Safeguarding and Deputy Safeguarding Leads
- Social Services are notified of any pupil on the Child Protection Register who is absent from school without explanation for more than 2 days.
- Any new concern or relevant information about a child on the Child Protection Register will be passed to the child’s allocated social worker without delay
- If a child on the Child Protection Register leaves the school, records will be transferred to the new school without delay and the child’s social worker informed of the change
- If school staff is unsure how to proceed in a potential Child Protection situation, or require advice, this will be sought via **SPOC** consultation line: 02087266464.

Roles and responsibilities

All Staff

All staff who work directly with children are expected to read and understand part 1 of the Department for Education’s statutory safeguarding guidance, [Keeping Children Safe in Education](#), and review this guidance at least annually.

All staff will read and understand part 1 and annex B of the Department for Education’s statutory safeguarding guidance, [Keeping Children Safe in Education](#), and review this guidance at least annually.

All staff will sign a declaration at the beginning of each academic year to say that they have reviewed the guidance

All staff are aware of:

- Our systems which support safeguarding, this child protection and safeguarding policy, the staff code of conduct, the role and identity of

the designated safeguarding lead (DSL) and deputy, the behaviour policy, E-Safety policy and the safeguarding response to children who go missing from education

- The early help process (sometimes known as the common assessment framework) and their role in it, including identifying emerging problems, liaising with the DSL, and sharing information with other professionals to support early identification and assessment
- The process for making referrals to local authority children's social care and for statutory assessments that may follow a referral, including the role they might be expected to play
- What to do if they identify a safeguarding issue or a child tells them they are being abused or neglected, including specific issues such as FGM, and how to maintain an appropriate level of confidentiality while liaising with relevant professionals
- The signs of different types of abuse and neglect, as well as specific safeguarding issues, such as peer-on-peer abuse, child sexual exploitation (CSE), child criminal exploitation (CCE), indicators of being at risk from or involved with serious violent crime, FGM and radicalisation

All staff should:

- Listen to what the child is saying without interruption and without asking leading questions
- Stay calm and do not show that they are shocked or upset
- Respect the child's right to privacy but not promise confidentiality
- Reassure the child that he/she has done the right thing in telling
- Explain to the child that in order to keep him safe from harm the information that has been shared must be passed on
- Report what has been disclosed to the designated person within the school
- Record, as soon as is practicable, what has been said using the child's actual words
- Sign and date the record.
- Stress the importance of reassuring victims that they are being taken seriously and that they will be supported and kept safe

The designated safeguarding lead (DSL)

The DSL is a member of the senior leadership team. Our DSL is Patricia Oliver /headteacher. The DSL takes lead responsibility for child protection and wider safeguarding in the school.

During term time, the DSL will be available during school hours for staff to discuss any safeguarding concerns.

The DSL can also be contacted out of school hours if necessary by phone 07592318203 or via email safeguarding@cacfoed.org.uk.

When the DSL is absent, the deputy DSL Nigel Dayes/ behaviour support – will act as cover.

The deputy DSL will also keep the headteacher informed of any issues (as the DSL is the headteacher), and liaise with local authority case managers and designated officers for child protection concerns as appropriate.

The full responsibilities of the DSL and deputy are set out in their job description.

The governing body

The governing body will:

- Facilitate a whole-school approach to safeguarding, ensuring that safeguarding and child protection are at the forefront and underpin all relevant aspects of process and policy development
- Evaluate and approve this policy at each review, ensuring it complies with the law, and hold the headteacher to account for its implementation
- Appoint a safeguarding lead governor to monitor the effectiveness of this policy in conjunction with the full governing board. This is always a different person from the DSL

The chair of governors will act as the 'case manager' in the event that an allegation of abuse is made against the headteacher, where appropriate (see appendix 3).

All governors will read Keeping Children Safe in Education in its entirety. Section 15 of this policy has information on how governors are supported to fulfil their role.

The headteacher

The headteacher is responsible for the implementation of this policy, including:

- Ensuring that staff (including temporary staff) and volunteers:
 - Are informed of our systems which support safeguarding, including this policy, as part of their induction
 - Understand and follow the procedures included in this policy, particularly those concerning referrals of cases of suspected abuse and neglect

- Communicating this policy to parents/carers when their child joins the school and via the school website
- Ensuring that all staff undertake appropriate safeguarding and child protection training, and updating the content of the training regularly
- Acting as the 'case manager' in the event of an allegation of abuse made against another member of staff or volunteer, where appropriate (see appendix 3)

CONFIDENTIALITY

- Timely information sharing is essential to effective safeguarding
- Fear about sharing information must not be allowed to stand in the way of the need to promote the welfare, and protect the safety of children
- The Data Protection Act (DPA) 2018 and UK GDPR do not prevent, or limit, the sharing of information for the purposes of keeping children safe
- If staff need to share 'special category personal data', the DPA 2018 contains 'safeguarding of children and individuals at risk' as a processing condition that allows practitioners to share information without consent if it is not possible to gain consent, it cannot be reasonably expected that a practitioner gains consent, or if to gain consent would place a child at risk
- We recognise that matters related to Child Protection are of a confidential nature. The Designated Safeguarding Lead and / or the deputy safeguarding Lead will therefore share detailed information about a pupil with other staff members on a need to know basis.
- All staff must be aware that they have a professional responsibility to share information with other relevant agencies where necessary to safeguard and promote the welfare of children.
- All staff must be aware that they should never promise a child that they will not tell anyone about a report of abuse, as this might not be in the child's best interest
- All safeguarding concerns, discussions, decisions made and the reason for those decisions, must be recorded in writing. If you are in any doubt about whether to record something, discuss it with the DSL.
- Non-confidential records will be easily accessible and available. Confidential information and records will be held securely and only available to those who have a right or professional need to see them.
- Safeguarding records relating to individual children will be retained for a reasonable period of time after they have left the school.
- Written records are kept of all concerns, whether or not there is a need to refer the matter immediately, these records are kept securely, separate from the main pupil file, electronically, password access and only accessible to the DSLs. These files are backed up by the school server and data management system.

- The school retains the records for as long as the pupil remains at the school. If the pupil transfers to another school, the child protection file will be transferred to the next school. This is coordinated by the Designated Safeguarding Lead
- The government's information sharing advice for safeguarding practitioners includes 7 'golden rules' for sharing information, and will support staff who have to make decisions about sharing information
- If staff are in any doubt about sharing information, they should speak to the designated safeguarding lead (or deputy)

Recognising abuse and taking action

If a child is suffering or likely to suffer harm, or in immediate danger

Make a report to the DSL or DDSL immediately

The DSL or DDSL will make a referral to children's social care and/or the police **immediately** if you believe a child is suffering or likely to suffer from harm, or is in immediate danger.

If a child makes a disclosure to you

If a child discloses a safeguarding issue to you, you should:

- Listen to and believe them. Allow them time to talk freely and do not ask leading questions
- Stay calm and do not show that you are shocked or upset
- Tell the child they have done the right thing in telling you. Do not tell them they should have told you sooner
- Explain what will happen next and that you will have to pass this information on. Do not promise to keep it a secret
- Write up your conversation as soon as possible in the child's own words. Stick to the facts, and do not put your own judgement on it
- Sign and date the write-up and pass it on to the DSL. Alternatively, if appropriate, make a referral to children's social care and/or the police directly (see 7), and tell the DSL as soon as possible that you have done so. Aside from these people, do not disclose the information to anyone else unless told to do so by a relevant authority involved in the safeguarding process

If you discover that FGM has taken place or a pupil is at risk of FGM

Keeping Children Safe in Education explains that FGM comprises "all procedures involving partial or total removal of the external female genitalia, or other injury to the female genital organs".

FGM is illegal in the UK and a form of child abuse with long-lasting, harmful consequences. It is also known as 'female genital cutting', 'circumcision' or 'initiation'.

Possible indicators that a pupil has already been subjected to FGM, and factors that suggest a pupil may be at risk, are set out in appendix 4 of this policy.

Any teacher who either:

- Is informed by a girl under 18 that an act of FGM has been carried out on her; or
- Observes physical signs which appear to show that an act of FGM has been carried out on a girl under 18 and they have no reason to believe that the act was necessary for the girl's physical or mental health or for purposes connected with labour or birth

Must immediately report this to the police, personally. This is a mandatory statutory duty, and teachers will face disciplinary sanctions for failing to meet it.

Unless they have been specifically told not to disclose, they should also discuss the case with the DSL and involve children's social care as appropriate.

Any other member of staff who discovers that an act of FGM appears to have been carried out on a **pupil under 18** must speak to the DSL and follow our local safeguarding procedures.

The duty for teachers mentioned above does not apply in cases where a pupil is *at risk* of FGM or FGM is suspected but is not known to have been carried out. Staff should not examine pupils.

Any member of staff who suspects a pupil is *at risk* of FGM or suspects that FGM has been carried out must speak to the DSL and follow our local safeguarding procedures.

Where there is a risk to life or likelihood of serious immediate harm, professionals should report the case immediately to police, including dialling 999 if appropriate.

1. If you have concerns about a child (as opposed to believing a child is suffering or likely to suffer from harm, or is in immediate danger)

Figure 1 below, illustrates the procedure to follow if you have any concerns about a child's welfare.

Where possible, speak to the DSL first to agree a course of action.

If in exceptional circumstances the DSL is not available, this should not delay appropriate action being taken. Speak to a member of the senior leadership team and/or take advice from local authority children's social care. You can also seek advice at any time from the NSPCC helpline on 0808 800 5000. Share details of any actions you take with the DSL as soon as practically possible.

Make a referral to local authority children's social care directly, if appropriate (see 'Referral' below). Share any action taken with the DSL as soon as possible.

Early help

If early help is appropriate, the DSL will generally lead on liaising with other agencies and setting up an inter-agency assessment as appropriate. Staff may be required to support other agencies and professionals in an early help assessment, in some cases acting as the lead practitioner.

The DSL will keep the case under constant review and the school will consider a referral to local authority children's social care if the situation does not seem to be improving. Timelines of interventions will be monitored and reviewed.

Parents must give authorisation for an early help form to be completed. On completion the form is sent to the local authority, the family is then contacted by the early help team. If in the case that the family has not been contacted, we then follow through by reconnecting with the appropriate team

Referral

If it is appropriate to refer the case to local authority children's social care or the police, the DSL will make the referral or support you to do so.

If you make a referral directly you must tell the DSL as soon as possible.

The local authority will make a decision within 1 working day of a referral about what course of action to take and will let the person who made the referral know the outcome. The DSL or person who made the referral must follow up with the local authority if this information is not made available, and ensure outcomes are properly recorded.

If the child's situation does not seem to be improving after the referral, the DSL or person who made the referral must follow local escalation procedures to ensure their concerns have been addressed and that the child's situation improves.

2. If you have concerns about extremism

If a child is not suffering or likely to suffer from harm, or in immediate danger, where possible speak to the DSL first to agree a course of action.

If in exceptional circumstances the DSL is not available, this should not delay appropriate action being taken. Speak to a member of the senior leadership team and/or seek advice from local authority children's social care. Make a referral to local authority children's social care directly, if appropriate (see 'Referral' above). Inform the DSL or deputy as soon as practically possible after the referral.

Where there is a concern, the DSL will consider the level of risk and decide which agency to make a referral to. This could include Channel, the

government's programme for identifying and supporting individuals at risk of being drawn into terrorism, or the local authority children's social care team.

The Department for Education also has a dedicated telephone helpline, 020 7340 7264, which school staff and governors can call to raise concerns about extremism with respect to a pupil. You can also email counter.extremism@education.gov.uk. Note that this is not for use in emergency situations.

In an emergency, call 999 or the confidential anti-terrorist hotline on 0800 789 321 if you:

- Think someone is in immediate danger
- Think someone may be planning to travel to join an extremist group
- See or hear something that may be terrorist-related

3. If you have a mental health concern

Mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation.

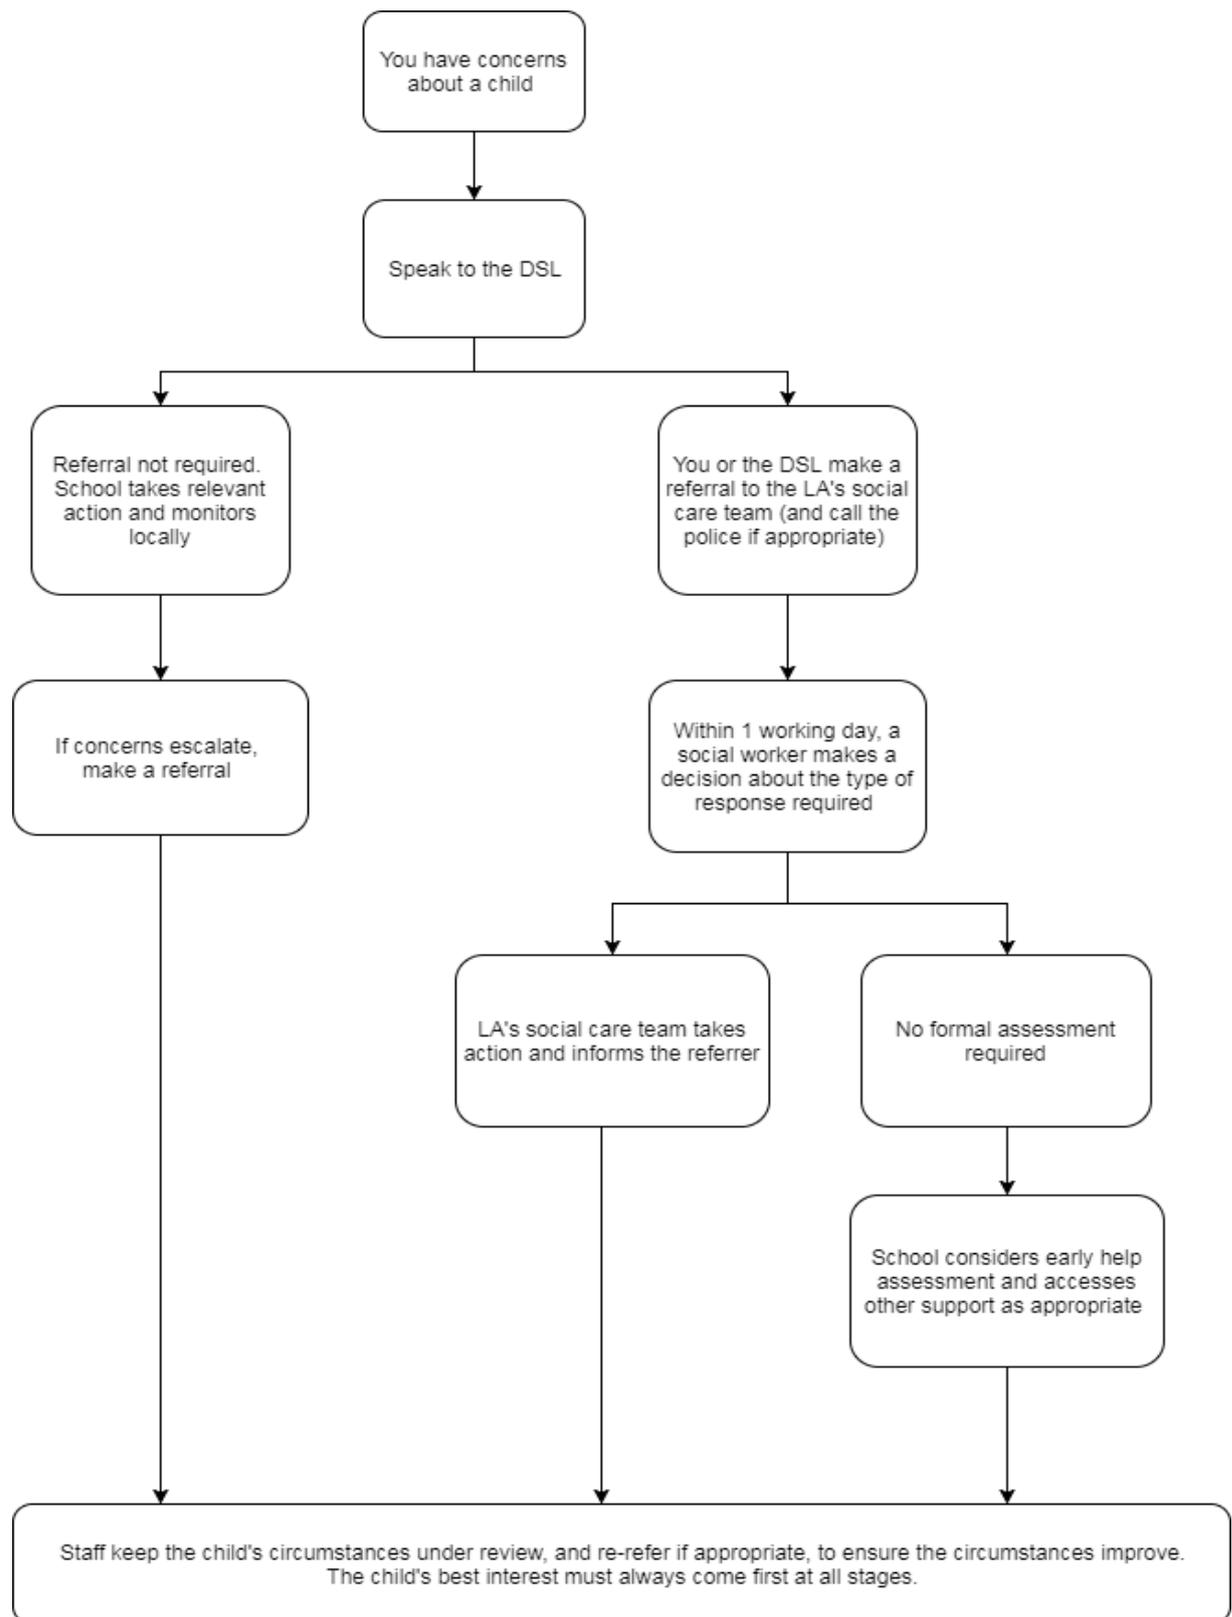

Staff will be alert to behavioural signs that suggest a child may be experiencing a mental health problem or be at risk of developing one.

If you have a mental health concern about a child that is also a safeguarding concern, take immediate action by following the steps in section 7.

If you have a mental health concern that is **not** also a safeguarding concern, speak to the DSL to agree a course of action.

We will refer to the Department for Education guidance on [mental health and behaviour in schools](#) for more information.

Figure 1: procedure if you have concerns about a child's welfare (as opposed to believing a child is suffering or likely to suffer from harm, or in immediate danger)

4. Concerns about a staff member, supply teacher, volunteer or contractor

If you have concerns about a member of staff (including a supply teacher, volunteer or contractor), or an allegation is made about a member of staff (including a supply teacher, volunteer or contractor) posing a risk of harm to children, speak to the headteacher as soon as possible. If the concerns/allegations are about the headteacher, speak to the proprietor. The headteacher/proprietor will then follow the procedures set out in appendix 3, if appropriate.

Where you believe there is a conflict of interest in reporting a concern or allegation about a member of staff (including a supply teacher, volunteer or contractor) to the headteacher, report it directly to the local authority designated officer (LADO).

5. Allegations of abuse made against other pupils

We recognise that children are capable of abusing their peers. Abuse will never be tolerated or passed off as “banter”, “just having a laugh” or “part of growing up”, as this can lead to a culture of unacceptable behaviours and an unsafe environment for pupils.

We also recognise the gendered nature of peer-on-peer abuse. However, all peer-on-peer abuse is unacceptable and will be taken seriously.

Most cases of pupils hurting other pupils will be dealt with under our school’s behaviour policy, but this child protection and safeguarding policy will apply to any allegations that raise safeguarding concerns. This might include where the alleged behaviour:

- Is serious, and potentially a criminal offence
- Could put pupils in the school at risk
- Is violent
- Involves pupils being forced to use drugs or alcohol
- Involves sexual exploitation, sexual abuse or sexual harassment, such as indecent exposure, sexual assault, upskirting or sexually inappropriate pictures or videos (including the sharing of nudes and semi-nudes)

Procedures for dealing with allegations of peer-on-peer abuse

If a pupil makes an allegation of abuse against another pupil:

- You must record the allegation and tell the DSL, but do not investigate it
- The DSL will contact the local authority children’s social care team and follow its advice, as well as the police if the allegation involves a potential criminal offence

- The DSL will put a risk assessment and support plan into place for all children involved (including the victim(s), the child(ren) against whom the allegation has been made and any others affected) with a named person they can talk to if needed
- The DSL will contact the children and adolescent mental health services (CAMHS), if appropriate

Creating a supportive environment in school and minimising the risk of peer-on-peer abuse

We recognise the importance of taking proactive action to minimise the risk of peer-on-peer abuse, and of creating a supportive environment where victims feel confident in reporting incidents.

To achieve this, we will:

- Challenge any form of derogatory or sexualised language or inappropriate behaviour between peers, including requesting or sending sexual images
- Be vigilant to issues that particularly affect different genders – for example, sexualised or aggressive touching or grabbing towards female pupils, and initiation or hazing type violence with respect to boys
- Ensure our curriculum helps to educate pupils about appropriate behaviour and consent
- Ensure pupils are able to easily and confidently report abuse using our reporting systems (as described in section 7 below)
- Ensure staff reassure victims that they are being taken seriously
- Ensure staff are trained to understand:
 - How to recognise the indicators and signs of peer-on-peer abuse, and know how to identify it and respond to reports
 - That even if there are no reports of peer-on-peer abuse in school, it does not mean it is not happening – staff should maintain an attitude of “it could happen here”
 - That if they have any concerns about a child’s welfare, they should act on them immediately rather than wait to be told, and that victims may not always make a direct report. For example:
 - Children can show signs or act in ways they hope adults will notice and react to
 - A friend may make a report
 - A member of staff may overhear a conversation
 - A child’s behaviour might indicate that something is wrong
 - That certain children may face additional barriers to telling someone because of their vulnerability, disability, gender, ethnicity and/or sexual orientation

- That a pupil harming a peer could be a sign that the child is being abused themselves, and that this would fall under the scope of this policy
- The important role they have to play in preventing peer-on-peer abuse and responding where they believe a child may be at risk from it
- That they should speak to the DSL if they have any concerns

6. Sharing of nudes and semi-nudes ('sexting')

Your responsibilities when responding to an incident

If you are made aware of an incident involving the consensual or non-consensual sharing of nude or semi-nude images/videos (also known as 'sexting' or 'youth produced sexual imagery'), you must report it to the DSL immediately.

You must **not**:

- View, copy, print, share, store or save the imagery yourself, or ask a pupil to share or download it (if you have already viewed the imagery by accident, you must report this to the DSL)
- Delete the imagery or ask the pupil to delete it
- Ask the pupil(s) who are involved in the incident to disclose information regarding the imagery (this is the DSL's responsibility)
- Share information about the incident with other members of staff, the pupil(s) it involves or their, or other, parents and/or carers
- Say or do anything to blame or shame any young people involved

You should explain that you need to report the incident, and reassure the pupil(s) that they will receive support and help from the DSL.

Initial review meeting

Following a report of an incident, the DSL will hold an initial review meeting with appropriate school staff – this may include the staff member who reported the incident and the safeguarding or leadership team that deals with safeguarding concerns. This meeting will consider the initial evidence and aim to determine:

- Whether there is an immediate risk to pupil(s)
- If a referral needs to be made to the police and/or children's social care
- If it is necessary to view the image(s) in order to safeguard the young person (in most cases, images or videos should not be viewed)
- What further information is required to decide on the best response

- Whether the image(s) has been shared widely and via what services and/or platforms (this may be unknown)
- Whether immediate action should be taken to delete or remove images or videos from devices or online services
- Any relevant facts about the pupils involved which would influence risk assessment
- If there is a need to contact another school, college, setting or individual
- Whether to contact parents or carers of the pupils involved (in most cases parents/carers should be involved)

The DSL will make an immediate referral to police and/or children's social care if:

- The incident involves an adult
- There is reason to believe that a young person has been coerced, blackmailed or groomed, or if there are concerns about their capacity to consent (for example owing to special educational needs)
- What the DSL knows about the images or videos suggests the content depicts sexual acts which are unusual for the young person's developmental stage, or are violent
- The imagery involves sexual acts and any pupil in the images or videos is under 13
- The DSL has reason to believe a pupil is at immediate risk of harm owing to the sharing of nudes and semi-nudes (for example, the young person is presenting as suicidal or self-harming)

If none of the above apply then the DSL, in consultation with the headteacher and other members of staff as appropriate, may decide to respond to the incident without involving the police or children's social care. The decision will be made and recorded in line with the procedures set out in this policy.

Further review by the DSL

If at the initial review stage a decision has been made not to refer to police and/or children's social care, the DSL will conduct a further review to establish the facts and assess the risks.

They will hold interviews with the pupils involved (if appropriate).

If at any point in the process there is a concern that a pupil has been harmed or is at risk of harm, a referral will be made to children's social care and/or the police immediately.

Informing parents/carers

The DSL will inform parents/carers at an early stage and keep them involved in the process, unless there is a good reason to believe that involving them would put the pupil at risk of harm.

Referring to the police

If it is necessary to refer an incident to the police, this will be done through dialling 101

Recording incidents

All incidents of sharing of nudes and semi-nudes, and the decisions made in responding to them, will be recorded. The record-keeping arrangements set out in section 14 of this policy also apply to recording these incidents.

Curriculum coverage

Pupils are taught about the issues surrounding the sharing of nudes and semi-nudes as part of our relationships and sex education and computing programmes. Teaching covers the following in relation to the sharing of nudes and semi-nudes:

- What it is
- How it is most likely to be encountered
- The consequences of requesting, forwarding or providing such images, including when it is and is not abusive and when it may be deemed as online sexual harassment
- Issues of legality
- The risk of damage to people's feelings and reputation

Pupils also learn the strategies and skills needed to manage:

- Specific requests or pressure to provide (or forward) such images
- The receipt of such images

This policy on the sharing of nudes and semi-nudes is also shared with pupils so they are aware of the processes the school will follow in the event of an incident.

7. Reporting systems for our pupils

Where there is a safeguarding concern, we will take the child's wishes and feelings into account when determining what action to take and what services to provide.

We recognise the importance of ensuring pupils feel safe and comfortable to come forward and report any concerns and/or allegations.

To achieve this, we will:

- Put systems in place for pupils to confidently report abuse

- Ensure our reporting systems are well promoted, easily understood and easily accessible for pupils
- Make it clear to pupils that their concerns will be taken seriously, and that they can safely express their views and give feedback
- Pupils will report any concern to the DSL, Patricia Oliver and or DDSL, Nigel Dayes. Your reporting systems for pupils, e.g. what it looks like for pupils in terms of who they should report concerns to
- Pupils will be informed of the persons they should report these matters to at the start of the term, there will be poster displayed around the classroom and other areas to inform pupils of the DSL and DDSL. They will also be given this information in their PSHE and Personal and Social development lessons.
- Pupils will be reassured that their concerns will be taken seriously, that they are not in any trouble and that every effort will be made to keep them safe following disclosures.

8. Online safety and the use of mobile technology

We recognise the importance of safeguarding children from potentially harmful and inappropriate online material, and we understand that technology is a significant component in many safeguarding and wellbeing issues.

To address this, our school aims to:

- Have robust processes in place to ensure the online safety of pupils, staff, volunteers and governors
- Protect and educate the whole school community in its safe and responsible use of technology, including mobile and smart technology (which we refer to as 'mobile phones')
- Set clear guidelines for the use of mobile phones for the whole school community
- Establish clear mechanisms to identify, intervene in and escalate any incidents or concerns, where appropriate

The 4 key categories of risk

Our approach to online safety is based on addressing the following categories of risk:

- **Content** – being exposed to illegal, inappropriate or harmful content, such as pornography, fake news, racism, misogyny, self-harm, suicide, anti-Semitism, radicalisation and extremism
- **Contact** – being subjected to harmful online interaction with other users, such as peer-to-peer pressure, commercial advertising and adults posing as children or young adults with the intention to groom or exploit them for sexual, criminal, financial or other purposes

- **Conduct** – personal online behaviour that increases the likelihood of, or causes, harm, such as making, sending and receiving explicit images (e.g. consensual and non-consensual sharing of nudes and semi-nudes and/or pornography), sharing other explicit images and online bullying; and
- **Commerce** – risks such as online gambling, inappropriate advertising, phishing and/or financial scams

To meet our aims and address the risks above we will:

- Educate pupils about online safety as part of our curriculum. For example:
 - The safe use of social media, the internet and technology
 - Keeping personal information private
 - How to recognise unacceptable behaviour online
 - How to report any incidents of cyber-bullying, ensuring pupils are encouraged to do so, including where they are a witness rather than a victim
- Train staff, as part of their induction, on safe internet use and online safeguarding issues including cyber-bullying and the risks of online radicalisation. All staff members will receive refresher training at least once each academic year
- Educate parents/carers about online safety via our website, communications sent directly to them and during parents' evenings. We will also share clear procedures with them so they know how to raise concerns about online safety
- Make sure staff are aware of any restrictions placed on them with regards to the use of their mobile phone and cameras, for example that:
 - Staff are allowed to bring their personal phones to school for their own use, but will limit such use to non-contact time when pupils are not present
 - Staff will not take pictures or recordings of pupils on their personal phones or cameras
- Make all pupils, parents/carers, staff, volunteers and governors aware that they are expected to sign an agreement regarding the acceptable use of the internet in school, use of the school's ICT systems and use of their mobile and smart technology
- Explain the sanctions we will use if a pupil is in breach of our policies on the acceptable use of the internet and mobile phones
- Make sure all staff, pupils and parents/carers are aware that staff have the power to search pupils' phones, as set out in the DfE's guidance on searching, screening and confiscation
- Put in place robust filtering and monitoring systems to limit children's exposure to the 4 key categories of risk (described above) from the school's IT systems

- Carry out an annual review of our approach to online safety, supported by an annual risk assessment that considers and reflects the risks faced by our school community

This section summarises our approach to online safety and mobile phone use. For comprehensive details about our school's policy on online safety and the use of mobile phones, please refer to our E-Safety policy.

9. Notifying parents or carers

Where appropriate, we will discuss any concerns about a child with the child's parents or carers. The DSL will normally do this in the event of a suspicion or disclosure.

Other staff will only talk to parents or carers about any such concerns following consultation with the DSL.

If we believe that notifying the parents or carers would increase the risk to the child, we will discuss this with the local authority children's social care team before doing so.

In the case of allegations of abuse made against other children, we will normally notify the parents or carers of all the children involved.

10. Pupils with special educational needs, disabilities or health issues

We recognise that pupils with special educational needs (SEN) or disabilities or certain health conditions can face additional safeguarding challenges. Additional barriers can exist when recognising abuse and neglect in this group, including:

- Assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's condition without further exploration
- Pupils being more prone to peer group isolation or bullying (including prejudice-based bullying) than other pupils
- The potential for pupils with SEN, disabilities or certain health conditions being disproportionately impacted by behaviours such as bullying, without outwardly showing any signs
- Communication barriers and difficulties in managing or reporting these challenges

What we will do

- We will provide a school environment in which all pupils, including those with SEN, can feel confident and able to discuss their concerns. We will encourage self-esteem and self-assertiveness of all pupils through the curriculum so that the children themselves become aware of danger and risk and what is acceptable behaviour.
- We will display appropriate posters that detail contact numbers for child protection help-lines.

- The designated officer will work with all staff to ensure that all pupils and students with autism and communication difficulties are responded to appropriately in the area of child protection and personal safety.
- Students with autism are also vulnerable because of their:
 - Dependence on others for basic and social needs
 - Lack of control over their own life
 - Compliance and obedience 'instilled' as good behaviour
 - Inability to retain knowledge about social and sexual relationships and misunderstanding these areas
 - Inability to communicate experiences

11. Pupils with a social worker

Pupils may need a social worker due to safeguarding or welfare needs. We recognise that a child's experiences of adversity and trauma can leave them vulnerable to further harm as well as potentially creating barriers to attendance, learning, behaviour and mental health.

The DSL and all members of staff will work with and support social workers to help protect vulnerable children.

Where we are aware that a pupil has a social worker, the DSL will always consider this fact to ensure any decisions are made in the best interests of the pupil's safety, welfare and educational outcomes. For example, it will inform decisions about:

- Responding to unauthorised absence or missing education where there are known safeguarding risks
- The provision of pastoral and/or academic support

12. Looked after and previously looked-after children

We will ensure that staff have the skills, knowledge and understanding to keep looked-after children and previously looked-after children safe. In particular, we will ensure that:

- Appropriate staff have relevant information about children's looked after legal status, contact arrangements with birth parents or those with parental responsibility, and care arrangements
- The DSL has details of children's social workers and relevant virtual school heads

ATTENDANCE

We are aware that a pupil's unexplained absence from school could mean that they are at risk from harm.

- We will always report an unexplained absence of a child with a Child Protection Plan to the child's social worker within one day

- We will always seek to clarify the reason for a child's absence from school with the child's parent or carer as soon as is practicable on the first day
- If the student has been placed by the LEA then we will report a continued absence about which we have not been notified by the parent or carer to the Education Welfare Service.
- If the student is on respite from another School or provision then we will report a continued absence about which we have not been notified by the parent or carer to the school or provision the student was placed by so that they can use their Welfare Officer Service.
- We will always report to the local authority the name of any child who has been newly registered to attend our school but does not arrive on the expected day
- We will always report to the Education Welfare Service the continued absence of a child known or thought to have been taken overseas if the child does not return to school on the expected return date.
- We will ensure that more than one emergency contact detail is held for each student.

PUPIL INFORMATION

We recognise the importance of keeping up-to-date and accurate information about pupils. We will regularly ask all parents/carers to provide us with the following information and to notify us of any changes that occur.

- names and contact details of persons with whom the child normally lives
- names and contact details of all persons with parental responsibility
- emergency contact details
- details of any persons authorised to collect the child from school (if different from above)
- any relevant court orders in place including those which affect any person's access to the child (e.g. Residence Order, Contact Order, Care Order, Injunctions etc.)
- name and contact detail of G.P.
- any other factors which may impact on the safety and welfare of the child

SUPPORT FOR STAFF

- We recognise that staff working in the schools who have been dealing with child protection issues may find the situation stressful or upsetting.
- We will ensure that opportunities are provided for staff to be supported in these circumstances and to talk through any anxieties they may have.
- Students who have been through trauma or have autism may display challenging behaviour and may not have the usual social or sexual inhibitions. This may result in complex situations for staff. Staff will follow school policy on Physical Interventions and Behaviour Management and will record all incidents in the usual manner which will result in Senior

Members of Staff following up any difficult situations which may put pupils or staff at risk. Staff will also adhere to the Code of Conduct within the Staff Handbook, with reference to the way they should behave when working with children.

ALLEGATIONS AGAINST STAFF

- We recognise that there will be occasions when a pupil at the school, or a parent or another person may make an allegation against a member of staff
- If there are concerns about any staff member or volunteer this can be discussed with the DSL or DDSL
- In this event the Headteacher or Chair of Governors must be informed and the Procedures for Dealing with Allegations against Staff followed. This will always involve a discussion with LA officers.
- If the allegation is made against the Headteacher then the matter will be referred to the member of the Governing Body with responsibility for CP, (Ms. Kehinde Omotayo).

GOVERNING BODY RESPONSIBILITIES

- The Governors will ensure that the Safeguarding Policy is reviewed on an annual basis, and that the LEA is informed that this has been done.
- A member of the Governing Body (usually the Chair) has been nominated to liaise with the LA and/or partner agencies in the event of an allegation being made against the Principal.
- The Governors will remedy any deficiencies or weaknesses in regard to Child Protection arrangements that are brought to its attention without delay

13. Complaints and concerns about school safeguarding policies

13.1 Complaints against staff

Complaints against staff that are likely to require a child protection investigation will be handled in accordance with our procedures for dealing with allegations of abuse made against staff (see appendix 2).

13.2 Other complaints

Please see complaints policy for more information.

13.3 Whistle-blowing

We have a separate whistle-blowing policy that covers concerns regarding the way the school safeguards pupils – including poor or unsafe practice, or potential failures.

14. Record-keeping

We will hold records in line with our records retention schedule.

All safeguarding concerns, discussions, decisions made and the reasons for those decisions, must be recorded in writing. If you are in any doubt about whether to record something, discuss it with the DSL.

Records will include:

- A clear and comprehensive summary of the concern
- Details of how the concern was followed up and resolved
- A note of any action taken, decisions reached and the outcome

Concerns and referrals will be kept in a separate child protection file for each child.

Any non-confidential records will be readily accessible and available. Confidential information and records will be held securely and only available to those who have a right or professional need to see them.

Safeguarding records relating to individual children will be retained for a reasonable period of time after they have left the school.

Safeguarding records which contain information about allegations of sexual abuse will be retained for the Independent Inquiry into Child Sexual Abuse (IICSA), for the term of the inquiry.

If a child for whom the school has, or has had, safeguarding concerns moves to another school, the DSL will ensure that their child protection file is forwarded promptly and securely, and separately from the main pupil file. In addition, if the concerns are significant or complex, and/or social services are involved, the DSL will speak to the DSL of the receiving school and provide information to enable them to have time to make any necessary preparations to ensure the safety of the child.

Add further information about your safeguarding record-keeping arrangements – for example:

- All safeguarding records are kept electronically. Any cause for concern that has been hand written is scanned and filed electronically.
- Files are password secure and only accessible by the DSL and DDSL.
- Information is sent to the receiving school when the pupil moves on and can be kept on the system for about five years after the pupil has left
- How will you make sure records are kept confidential when appropriate?

Information is shared with other agencies via a secure email system (egress)

In addition:

- Appendix 2 sets out our policy on record-keeping specifically with respect to recruitment and pre-appointment checks

- Appendix 3 sets out our policy on record-keeping with respect to allegations of abuse made against staff

15. Training

15.1 All staff

All staff members will undertake safeguarding and child protection training at induction, including on whistle-blowing procedures and online safety, to ensure they understand the school's safeguarding systems and their responsibilities, and can identify signs of possible abuse or neglect.

This training will be regularly updated and will:

- Be integrated, aligned and considered as part of the whole-school safeguarding approach and wider staff training, and curriculum planning
- Be in line with advice from the 3 safeguarding partners
- Have regard to the Teachers' Standards to support the expectation that all teachers:
 - Manage behaviour effectively to ensure a good and safe environment
 - Have a clear understanding of the needs of all pupils

All staff will have training on the government's anti-radicalisation strategy, Prevent, to enable them to identify children at risk of being drawn into terrorism and to challenge extremist ideas.

Staff will also receive regular safeguarding and child protection updates, including on online safety, as required but at least annually (for example, through emails, e-bulletins, staff meetings and twilight sessions).

Volunteers will receive appropriate training, if applicable.

15.2 The DSL and DDSL

The DSL and DDSL will undertake child protection and safeguarding training at least every 2 years.

In addition, they will update their knowledge and skills at regular intervals and at least annually (for example, through e-bulletins, meeting other DSLs, or taking time to read and digest safeguarding developments).

They will also undertake Prevent awareness training.

15.3 Governors

Lead governor receive training about safeguarding, to make sure they have the knowledge and information needed to perform their functions and understand their responsibilities.

As the chair of governors may be required to act as the 'case manager' in the event that an allegation of abuse is made against the headteacher, they receive training in managing allegations for this purpose.

15.4 Recruitment – interview panels

At least one person conducting any interview for any post at the school will have undertaken safer recruitment training. This will cover, as a minimum, the contents of Keeping Children Safe in Education, and will be in line with local safeguarding procedures.

16. Monitoring arrangements

This policy will be reviewed **annually** by Patricia Oliver /headteacher. At every review, it will be approved by the full governing board.

17. Links with other policies

This policy links to the following policies and procedures:

- Ethos and Behaviour
- Staff code of conduct]
- Complaints
- Health and safety
- Attendance
- E-Safety
- Equality
- First aid
- Curriculum
- Privacy notices
- Whistle Blowing
- Anti- Bullying

SAFER RECRUITMENT

All staff and volunteers working with children in our school will be recruited safely:

Preparation

- We will always consider the vacancy that has arisen within the context of safeguarding children and ensure that we include the responsibility to safeguard children within the requirements of the role.
- We always consider carefully the knowledge skills and experience required to safeguard children and include these within a person specification.

Advertising

- We will always advertise our vacancies in a manner that is likely to attract a wide range of applicants.
- The advertisement will always include a statement about our commitment to safeguarding children and our expectation that all applicants will share that commitment.
- The advertisement will state that the post is subject to a DBS.

Applications

- We will ensure that our application form enables us to gather information about the candidates' suitability to work with children by asking specific and direct questions.
- We will scrutinise all completed application forms.

References

- We will not accept open references or testimonials.
- We will ask for the names of at least two referees.
- We will liaise directly with referees and verify any information contained within references with the referees
- We will ensure any references are from the candidate's current employer and completed by a senior person. Where the referee is school based, we will ask for the reference to be confirmed by the headteacher/principal as accurate in respect to disciplinary investigations
- We will secure a reference from the relevant employer from the last time the candidate worked with children if they are not currently working with children
- We will compare the information on the application form with that in the reference and take up any inconsistencies with the candidate
- We will resolve any concerns before any appointment is confirmed

Interview and Selection

When interviewing candidates, we will:

- Probe any gaps in employment, or where the candidate has changed employment or location frequently, and ask candidates to explain this
- Explore any potential areas of concern to determine the candidate's suitability to work with children
- Record all information considered and decisions made
- Our interview panel will always contain at least one member trained in safer recruitment practice.

Pre-appointment vetting checks

We will record all information on the checks carried out in the school's single central record (SCR). Copies of these checks, where appropriate, will be held in individuals' personnel files. We follow requirements and best practice in retaining copies of these checks, as set out below.

New staff

All offers of appointment will be conditional until satisfactory completion of the necessary pre-employment checks. When appointing new staff, we will:

- Verify their identity
- Obtain (via the applicant) an enhanced DBS certificate, including barred list information for those who will be engaging in regulated activity (see definition below). We will obtain the certificate before, or as soon as practicable after, appointment, including when using the DBS update service. We will not keep a copy of the certificate for longer than 6 months, but when the copy is destroyed we may still keep a record of the fact that vetting took place, the result of the check and recruitment decision taken
- Obtain a separate barred list check if they will start work in regulated activity before the DBS certificate is available
- Verify their mental and physical fitness to carry out their work responsibilities
- Verify their right to work in the UK. We will keep a copy of this verification for the duration of the member of staff's employment and for 2 years afterwards
- Verify their professional qualifications, as appropriate
- Ensure they are not subject to a prohibition order if they are employed to be a teacher
- Carry out further additional checks, as appropriate, on candidates who have lived or worked outside of the UK. Where available, these will include:
 - For all staff, including teaching positions: [criminal records checks for overseas applicants](#)
 - For teaching positions: obtaining a letter of professional standing from the professional regulating authority in the country where the applicant has worked
 - Check that candidates taking up a management position* are not subject to a prohibition from management (section 128) direction made by the secretary of state
 - All new staff will go through an induction process to include safe working practice and their role in safeguarding children

Agency and third-party staff

We will obtain written notification from any agency or third-party organisation that it has carried out the necessary safer recruitment checks that we would otherwise perform. We will also check that the person presenting themselves for work is the same person on whom the checks have been made.

Contractors

We will ensure that any contractor, or any employee of the contractor, who is to work at the school has had the appropriate level of DBS check (this includes contractors who are provided through a PFI or similar contract). This will be:

- An enhanced DBS check with barred list information for contractors engaging in regulated activity
- An enhanced DBS check, not including barred list information, for all other contractors who are not in regulated activity but whose work provides them with an opportunity for regular contact with children

We will obtain the DBS check for self-employed contractors.

We will not keep copies of such checks for longer than 6 months.

Contractors who have not had any checks will not be allowed to work unsupervised or engage in regulated activity under any circumstances.

We will check the identity of all contractors and their staff on arrival at the school.

Volunteers

We will:

- Never leave an unchecked volunteer unsupervised or allow them to work in regulated activity
- Obtain an enhanced DBS check with barred list information for all volunteers who are new to working in regulated activity
- Carry out a risk assessment when deciding whether to seek an enhanced DBS check without barred list information for any volunteers not engaging in regulated activity. We will retain a record of this risk assessment

Governors

All governors will have an enhanced DBS check without barred list information

The chair of the board will have their DBS check countersigned by the secretary of state.

All proprietors, trustees, local governors and members will also have the following checks:

- A section 128 check (to check prohibition on participation in management under [section 128 of the Education and Skills Act 2008](#)). [Section 128 checks are only required for local governors if they have retained or been delegated any management responsibilities.]
- Identity
- Right to work in the UK
- Other checks deemed necessary if they have lived or worked outside the UK

Appendix 3: allegations of abuse made against staff

Section 1: allegations that may meet the harms threshold

This section applies to all cases in which it is alleged that a current member of staff, including a supply teacher, volunteer or contractor, has:

- Behaved in a way that has harmed a child, or may have harmed a child, and/or
- Possibly committed a criminal offence against or related to a child, and/or
- Behaved towards a child or children in a way that indicates he or she may pose a risk of harm to children, and/or
- Behaved or may have behaved in a way that indicates they may not be suitable to work with children – this includes behaviour taking place both inside and outside of school

We will deal with any allegation of abuse quickly, in a fair and consistent way that provides effective child protection while also supporting the individual who is the subject of the allegation.

A 'case manager' will lead any investigation. This will be the headteacher, or the chair of governors, or the proprietor where the headteacher is the subject of the allegation. The case manager will be identified at the earliest opportunity.

Our procedures for dealing with allegations will be applied with common sense and judgement.

Suspension of the accused until the case is resolved

Suspension of the accused will not be the default position, and will only be considered in cases where there is reason to suspect that a child or other children is/are at risk of harm, or the case is so serious that there might be grounds for dismissal. In such cases, we will only suspend an individual if we have considered all other options available and there is no reasonable alternative.

Based on an assessment of risk, we will consider alternatives such as:

- Redeployment within the school so that the individual does not have direct contact with the child or children concerned
- Providing an assistant to be present when the individual has contact with children
- Redeploying the individual to alternative work in the school so that they do not have unsupervised access to children
- Moving the child or children to classes where they will not come into contact with the individual, making it clear that this is not a punishment and parents/carers have been consulted

If in doubt, the case manager will seek views from the school's personnel adviser and the designated officer at the local authority, as well as the police and children's social care where they have been involved.

Definitions for outcomes of allegation investigations

- **Substantiated:** there is sufficient evidence to prove the allegation
- **Malicious:** there is sufficient evidence to disprove the allegation and there has been a deliberate act to deceive, or to cause harm to the subject of the allegation
- **False:** there is sufficient evidence to disprove the allegation
- **Unsubstantiated:** there is insufficient evidence to either prove or disprove the allegation (this does not imply guilt or innocence)
- **Unfounded:** to reflect cases where there is no evidence or proper basis which supports the allegation being made

Procedure for dealing with allegations

In the event of an allegation that meets the criteria above, the case manager will take the following steps:

- Conduct basic enquiries in line with local procedures to establish the facts to help determine whether there is any foundation to the allegation before carrying on with the steps below
- Discuss the allegation with the designated officer at the local authority. This is to consider the nature, content and context of the allegation and agree a course of action, including whether further enquiries are necessary to enable a decision on how to proceed, and whether it is necessary to involve the police and/or children's social care services. (The case manager may, on occasion, consider it necessary to involve the police *before* consulting the designated officer – for example, if the accused individual is deemed to be an immediate risk to children or there is evidence of a possible criminal offence. In such cases, the case manager will notify the designated officer as soon as practicably possible after contacting the police)
- Inform the accused individual of the concerns or allegations and likely course of action as soon as possible after speaking to the designated officer (and the police or children's social care services, where necessary). Where the police and/or children's social care services are involved, the case manager will only share such information with the individual as has been agreed with those agencies
- Where appropriate (in the circumstances described above), carefully consider whether suspension of the individual from contact with children at the school is justified or whether alternative arrangements such as those outlined above can be put in place. Advice will be sought from the

designated officer, police and/or children's social care services, as appropriate

- Where the case manager is concerned about the welfare of other children in the community or the individual's family, they will discuss these concerns with the DSL and make a risk assessment of the situation. If necessary, the DSL may make a referral to children's social care
- **If immediate suspension is considered necessary**, agree and record the rationale for this with the designated officer. The record will include information about the alternatives to suspension that have been considered, and why they were rejected. Written confirmation of the suspension will be provided to the individual facing the allegation or concern within 1 working day, and the individual will be given a named contact at the school and their contact details
- **If it is decided that no further action is to be taken** in regard to the subject of the allegation or concern, record this decision and the justification for it and agree with the designated officer what information should be put in writing to the individual and by whom, as well as what action should follow both in respect of the individual and those who made the initial allegation
- **If it is decided that further action is needed**, take steps as agreed with the designated officer to initiate the appropriate action in school and/or liaise with the police and/or children's social care services as appropriate
- Provide effective support for the individual facing the allegation or concern, including appointing a named representative to keep them informed of the progress of the case and considering what other support is appropriate.
- Inform the parents or carers of the child/children involved about the allegation as soon as possible if they do not already know (following agreement with children's social care services and/or the police, if applicable). The case manager will also inform the parents or carers of the requirement to maintain confidentiality about any allegations made against teachers (where this applies) while investigations are ongoing. Any parent or carer who wishes to have the confidentiality restrictions removed in respect of a teacher will be advised to seek legal advice
- Keep the parents or carers of the child/children involved informed of the progress of the case (only in relation to their child – no information will be shared regarding the staff member)
- Make a referral to the DBS where it is thought that the individual facing the allegation or concern has engaged in conduct that harmed or is likely to harm a child, or if the individual otherwise poses a risk of harm to a child

If the school is made aware that the secretary of state has made an interim prohibition order in respect of an individual, we will immediately suspend that individual from teaching, pending the findings of the investigation by the Teaching Regulation Agency.

Where the police are involved, wherever possible the school will ask the police at the start of the investigation to obtain consent from the individuals involved to share their statements and evidence for use in the school's disciplinary process, should this be required at a later point.

Additional considerations for supply teachers and all contracted staff

If there are concerns or an allegation is made against someone not directly employed by the school, such as a supply teacher or contracted staff member provided by an agency, we will take the actions below in addition to our standard procedures.

- We will not decide to stop using an individual due to safeguarding concerns without finding out the facts and liaising with our LADO to determine a suitable outcome
- The governing board will discuss with the agency whether it is appropriate to suspend the individual, or redeploy them to another part of the school, while the school carries out the investigation
- We will involve the agency fully, but the school will take the lead in collecting the necessary information and providing it to the LADO as required
- We will address issues such as information sharing, to ensure any previous concerns or allegations known to the agency are taken into account (we will do this, for example, as part of the allegations management meeting or by liaising directly with the agency where necessary)

When using an agency, we will inform them of our process for managing allegations, and keep them updated about our policies as necessary, and will invite the agency's HR manager or equivalent to meetings as appropriate.

Timescales

We will deal with all allegations as quickly and effectively as possible and will endeavour to comply with the following timescales, where reasonably practicable:

- Any cases where it is clear immediately that the allegation is unsubstantiated or malicious should be resolved within 1 week
- If the nature of an allegation does not require formal disciplinary action, appropriate action should be taken within 3 working days
- If a disciplinary hearing is required and can be held without further investigation, this should be held within 15 working days

However, these are objectives only and where they are not met, we will endeavour to take the required action as soon as possible thereafter.

Specific actions

Action following a criminal investigation or prosecution

The case manager will discuss with the local authority's designated officer whether any further action, including disciplinary action, is appropriate and, if so, how to proceed, taking into account information provided by the police and/or children's social care services.

Conclusion of a case where the allegation is substantiated

If the allegation is substantiated and the individual is dismissed or the school ceases to use their services, or the individual resigns or otherwise ceases to provide their services, the school will make a referral to the DBS for consideration of whether inclusion on the barred lists is required.

If the individual concerned is a member of teaching staff, the school will consider whether to refer the matter to the Teaching Regulation Agency to consider prohibiting the individual from teaching.

Individuals returning to work after suspension

If it is decided on the conclusion of a case that an individual who has been suspended can return to work, the case manager will consider how best to facilitate this.

The case manager will also consider how best to manage the individual's contact with the child or children who made the allegation, if they are still attending the school.

Unsubstantiated, unfounded, false or malicious reports

If a report is:

- Determined to be unsubstantiated, unfounded, false or malicious, the DSL will consider the appropriate next steps. If they consider that the child and/or person who made the allegation is in need of help, or the allegation may have been a cry for help, a referral to children's social care may be appropriate
- Shown to be deliberately invented, or malicious, the school will consider whether any disciplinary action is appropriate against the individual(s) who made it

Unsubstantiated, unfounded, false or malicious allegations

If an allegation is:

- Determined to be unsubstantiated, unfounded, false or malicious, the LADO and case manager will consider the appropriate next steps. If they consider that the child and/or person who made the allegation is in need of help, or the allegation may have been a cry for help, a referral to children's social care may be appropriate
- Shown to be deliberately invented, or malicious, the school will consider whether any disciplinary action is appropriate against the individual(s) who made it

Confidentiality and information sharing

The school will make every effort to maintain confidentiality and guard against unwanted publicity while an allegation is being investigated or considered.

The case manager will take advice from the LADO, police and children's social care services, as appropriate, to agree:

- Who needs to know about the allegation and what information can be shared
- How to manage speculation, leaks and gossip, including how to make parents or carers of a child/children involved aware of their obligations with respect to confidentiality
- What, if any, information can be reasonably given to the wider community to reduce speculation
- How to manage press interest if, and when, it arises

Record-keeping

The case manager will maintain clear records about any case where the allegation or concern meets the criteria above and store them on the individual's confidential personnel file for the duration of the case.

The records of any allegation that, following an investigation, is found to be malicious or false will be deleted from the individual's personnel file (unless the individual consents for the records to be retained on the file).

For all other allegations (which are not found to be malicious or false), the following information will be kept on the file of the individual concerned:

- A clear and comprehensive summary of the allegation
- Details of how the allegation was followed up and resolved
- Notes of any action taken, decisions reached and the outcome
- A declaration on whether the information will be referred to in any future reference

In these cases, the school will provide a copy to the individual, in agreement with children's social care or the police as appropriate.

Where records contain information about allegations of sexual abuse, we will preserve these for the Independent Inquiry into Child Sexual Abuse (IICSA), for the term of the inquiry. We will retain all other records at least until the individual has reached normal pension age, or for 10 years from the date of the allegation if that is longer.

References

When providing employer references, we will:

- Not refer to any allegation that has been found to be false, unfounded, unsubstantiated or malicious, or any repeated allegations which have all been found to be false, unfounded, unsubstantiated or malicious

- Include substantiated allegations, provided that the information is factual and does not include opinions

Learning lessons

After any cases where the allegations are *substantiated*, the case manager will review the circumstances of the case with the local authority's designated officer to determine whether there are any improvements that we can make to the school's procedures or practice to help prevent similar events in the future.

This will include consideration of (as applicable):

- Issues arising from the decision to suspend the member of staff
- The duration of the suspension
- Whether or not the suspension was justified
- The use of suspension when the individual is subsequently reinstated. We will consider how future investigations of a similar nature could be carried out without suspending the individual

For all other cases, the case manager will consider the facts and determine whether any improvements can be made.

Non-recent allegations

Abuse can be reported, no matter how long ago it happened.

We will report any non-recent allegations made by a child to the LADO in line with our local authority's procedures for dealing with non-recent allegations.

Where an adult makes an allegation to the school that they were abused as a child, we will advise the individual to report the allegation to the police.

Section 2: concerns that do not meet the harm threshold

This section applies to all concerns (including allegations) about members of staff, including supply teachers, volunteers and contractors, which do not meet the harm threshold set out in section 1 above.

Concerns may arise through, for example:

- Suspicion
- Complaint
- Disclosure made by a child, parent or other adult within or outside the school
- Pre-employment vetting checks

We recognise the importance of responding to and dealing with any concerns in a timely manner to safeguard the welfare of children.

Definition of low-level concerns

The term 'low-level' concern is any concern – no matter how small – that an adult working in or on behalf of the school may have acted in a way that:

- Is inconsistent with the staff code of conduct, including inappropriate conduct outside of work, **and**
- Does not meet the allegations threshold or is otherwise not considered serious enough to consider a referral to the designated officer at the local authority

Examples of such behaviour could include, but are not limited to:

- Being overly friendly with children
- Having favourites
- Taking photographs of children on their mobile phone
- Engaging with a child on a one-to-one basis in a secluded area or behind a closed door
- Using inappropriate sexualised, intimidating or offensive language

Sharing low-level concerns

We recognise the importance of creating a culture of openness, trust and transparency to encourage all staff to share low-level concerns so that they can be addressed appropriately.

We will create this culture by:

- Ensuring staff are clear about what appropriate behaviour is, and are confident in distinguishing expected and appropriate behaviour from concerning, problematic or inappropriate behaviour, in themselves and others
- Empowering staff to share any low-level concerns as per section 7.7 of this policy
- Empowering staff to self-refer
- Addressing unprofessional behaviour and supporting the individual to correct it at an early stage
- Providing a responsive, sensitive and proportionate handling of such concerns when they are raised
- Helping to identify any weakness in the school's safeguarding system

Responding to low-level concerns

If the concern is raised via a third party, the headteacher will collect evidence where necessary by speaking:

- Directly to the person who raised the concern, unless it has been raised anonymously
- To the individual involved and any witnesses

The headteacher will use the information collected to categorise the type of behaviour and determine any further action, in line with the school's code of conduct.

Record keeping

All low-level concerns will be recorded in writing. In addition to details of the concern raised, records will include the context in which the concern arose, any action taken and the rationale for decisions and action taken.

Records will be:

- Kept confidential, held securely and comply with the DPA 2018 and UK GDPR
- Reviewed so that potential patterns of concerning, problematic or inappropriate behaviour can be identified. Where a pattern of such behaviour is identified, we will decide on a course of action, either through our disciplinary procedures or, where a pattern of behaviour moves from a concern to meeting the harms threshold as described in section 1 of this appendix, we will refer it to the designated officer at the local authority
- Retained at least until the individual leaves employment at the school

Where a low-level concern relates to a supply teacher or contractor, we will notify the individual's employer, so any potential patterns of inappropriate behaviour can be identified.

References

We will not include low-level concerns in references unless:

- The concern (or group of concerns) has met the threshold for referral to the designated officer at the local authority and is found to be substantiated; and/or
- The concern (or group of concerns) relates to issues which would ordinarily be included in a reference, such as misconduct or poor performance

Appendix 4: specific safeguarding issues

Children missing from education

A child going missing from education, particularly repeatedly, can be a warning sign of a range of safeguarding issues. This might include abuse or neglect, such as sexual abuse or exploitation or child criminal exploitation, or issues such as mental health problems, substance abuse, radicalisation, FGM or forced marriage.

There are many circumstances where a child may become missing from education, but some children are particularly at risk. These include children who:

- Are at risk of harm or neglect
- Are at risk of forced marriage or FGM
- Come from Gypsy, Roma, or Traveller families
- Come from the families of service personnel
- Go missing or run away from home or care
- Are supervised by the youth justice system
- Cease to attend a school
- Come from new migrant families

We will follow our procedures for unauthorised absence and for dealing with children who go missing from education, particularly on repeat occasions, to help identify the risk of abuse and neglect, including sexual exploitation, and to help prevent the risks of going missing in future. This includes informing the local authority if a child leaves the school without a new school being named, and adhering to requirements with respect to sharing information with the local authority, when applicable, when removing a child's name from the admission register at non-standard transition points.

Staff will be trained in signs to look out for and the individual triggers to be aware of when considering the risks of potential safeguarding concerns which may be related to being missing, such as travelling to conflict zones, FGM and forced marriage.

If a staff member suspects that a child is suffering from harm or neglect, we will follow local child protection procedures, including with respect to making reasonable enquiries. We will make an immediate referral to the local authority children's social care team, and the police, if the child is suffering or likely to suffer from harm or in immediate danger.

Child criminal exploitation

Child criminal exploitation (CCE) is a form of abuse where an individual or group takes advantage of an imbalance of power to coerce, control, manipulate or deceive a child into criminal activity, in exchange for something the victim needs or wants, and/or for the financial or other advantage of the perpetrator or facilitator, and/or through violence or the threat of violence.

The abuse can be perpetrated by males or females, and children or adults. It can be a one-off occurrence or a series of incidents over time, and range from opportunistic to complex organised abuse.

The victim can be exploited even when the activity appears to be consensual. It does not always involve physical contact and can happen online. For example, young people may be forced to work in cannabis factories, coerced into moving drugs or money across the country (county lines), forced to shoplift or pickpocket, or to threaten other young people.

Indicators of CCE can include a child:

- Appearing with unexplained gifts or new possessions
- Associating with other young people involved in exploitation
- Suffering from changes in emotional wellbeing
- Misusing drugs and alcohol
- Going missing for periods of time or regularly coming home late
- Regularly missing school or education
- Not taking part in education

If a member of staff suspects CCE, they will discuss this with the DSL. The DSL will trigger the local safeguarding procedures, including a referral to the local authority's children's social care team and the police, if appropriate.

Child sexual exploitation

Child sexual exploitation (CSE) is a form of child sexual abuse where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child into sexual activity, in exchange for something the victim needs or wants and/or for the financial advantage or increased status of the perpetrator or facilitator. It may, or may not, be accompanied by violence or threats of violence.

The abuse can be perpetrated by males or females, and children or adults. It can be a one-off occurrence or a series of incidents over time, and range from opportunistic to complex organised abuse.

The victim can be exploited even when the activity appears to be consensual. Children or young people who are being sexually exploited may not understand that they are being abused. They often trust their abuser and may be tricked into believing they are in a loving, consensual relationship.

CSE can include both physical contact (penetrative and non-penetrative acts) and non-contact sexual activity. It can also happen online. For example, young people may be persuaded or forced to share sexually explicit images of themselves, have sexual conversations by text, or take part in sexual activities using a webcam. CSE may also occur without the victim's immediate knowledge, for example through others copying videos or images.

In addition to the CCE indicators above, indicators of CSE can include a child:

- Having an older boyfriend or girlfriend
- Suffering from sexually transmitted infections or becoming pregnant
- Appearing with unexplained gifts or new possessions
- Associating with other young people involved in exploitation
- Having older boyfriends or girlfriends
- Suffering from sexually transmitted infections or becoming pregnant
- Displaying inappropriate sexualised behaviour
- Suffering from changes in emotional wellbeing
- Misusing drugs and/or alcohol
- Going missing for periods of time, or regularly coming home late
- Regularly missing school or education, or not taking part in education
-

If a member of staff suspects CSE, they will discuss this with the DSL. The DSL will trigger the local safeguarding procedures, including a referral to the local authority's children's social care team and the police, if appropriate.

Domestic Abuse

Children can witness and be adversely affected by domestic abuse and/or violence at home where it occurs between family members. In some cases, a child may blame themselves for the abuse or may have had to leave the family home as a result.

Types of domestic abuse include intimate partner violence, abuse by family members, teenage relationship abuse and child/adolescent to parent violence and abuse. Anyone can be a victim of domestic abuse, regardless of gender, age, ethnicity, socioeconomic status, sexuality or background, and domestic abuse can take place inside or outside of the home.

Older children may also experience domestic abuse and/or violence in their own personal relationships.

Exposure to domestic abuse and/or violence can have a serious, long-lasting emotional and psychological impact on children.

If police are called to an incident of domestic abuse and any children in the household have experienced the incident, the police will inform the key adult

in school (usually the designated safeguarding lead) before the child or children arrive at school the following day. This is the procedure where police forces are part of [Operation Encompass](#)

The DSL will provide support according to the child's needs and update records about their circumstances.

Below is the helpline contact details that specialise in this area of safeguarding:

National Domestic Abuse Helpline which can be called free of charge and in confidence, 24 hours a day on **0808 2000 247**

Homelessness

Being homeless or being at risk of becoming homeless presents a real risk to a child's welfare.

The DSL and DDSL will be aware of contact details and referral routes in to the local housing authority so they can raise/progress concerns at the earliest opportunity (where appropriate and in accordance with local procedures).

Where a child has been harmed or is at risk of harm, the DSL will also make a referral to children's social care

So-called 'honour-based' abuse (including FGM and forced marriage)

So-called 'honour-based' abuse (HBA) encompasses incidents or crimes committed to protect or defend the honour of the family and/or community, including FGM, forced marriage, and practices such as breast ironing.

Abuse committed in this context often involves a wider network of family or community pressure and can include multiple perpetrators.

All forms of HBA are abuse and will be handled and escalated as such. All staff will be alert to the possibility of a child being at risk of HBA or already having suffered it. If staff have a concern, they will speak to the DSL, who will activate local safeguarding procedures

FGM

The DSL will make sure that staff have access to appropriate training to equip them to be alert to children affected by FGM or at risk of FGM.

Section 7.3 of this policy sets out the procedures to be followed if a staff member discovers that an act of FGM appears to have been carried out or suspects that a pupil is at risk of FGM.

Indicators that FGM has already occurred include:

- A pupil confiding in a professional that FGM has taken place
- A mother/family member disclosing that FGM has been carried out

- A family/pupil already being known to social services in relation to other safeguarding issues
- A girl:
 - Having difficulty walking, sitting or standing, or looking uncomfortable
 - Finding it hard to sit still for long periods of time (where this was not a problem previously)
 - Spending longer than normal in the bathroom or toilet due to difficulties urinating
 - Having frequent urinary, menstrual or stomach problems
 - Avoiding physical exercise or missing PE
 - Being repeatedly absent from school, or absent for a prolonged period
 - Demonstrating increased emotional and psychological needs – for example, withdrawal or depression, or significant change in behaviour
 - Being reluctant to undergo any medical examinations
 - Asking for help, but not being explicit about the problem
 - Talking about pain or discomfort between her legs

Potential signs that a pupil may be at risk of FGM include:

- The girl's family having a history of practising FGM (this is the biggest risk factor to consider)
- FGM being known to be practised in the girl's community or country of origin
- A parent or family member expressing concern that FGM may be carried out
- A family not engaging with professionals (health, education or other) or already being known to social care in relation to other safeguarding issues
- A girl:
 - Having a mother, older sibling or cousin who has undergone FGM
 - Having limited level of integration within UK society
 - Confiding to a professional that she is to have a "special procedure" or to attend a special occasion to "become a woman"
 - Talking about a long holiday to her country of origin or another country where the practice is prevalent, or parents stating that they or a relative will take the girl out of the country for a prolonged period

- Requesting help from a teacher or another adult because she is aware or suspects that she is at immediate risk of FGM
- Talking about FGM in conversation – for example, a girl may tell other children about it (although it is important to take into account the context of the discussion)
- Being unexpectedly absent from school
- Having sections missing from her 'red book' (child health record) and/or attending a travel clinic or equivalent for vaccinations/anti-malarial medication

The above indicators and risk factors are not intended to be exhaustive.

Forced marriage

Forcing a person into marriage is a crime. A forced marriage is one entered into without the full and free consent of one or both parties and where violence, threats, or any other form of coercion is used to cause a person to enter into a marriage. Threats can be physical or emotional and psychological and can lead to 'Honour-based' violence.

Staff will receive training around forced marriage and the presenting symptoms. We are aware of the 'one chance' rule, i.e. we may only have one chance to speak to the potential victim and only one chance to save them.

If a member of staff suspects that a pupil is being forced into marriage, they will speak to the pupil about their concerns in a secure and private place. They will then report this to the DSL.

The DSL will:

- Speak to the pupil about the concerns in a secure and private place
- Activate the local safeguarding procedures and refer the case to the local authority's designated officer
- Seek advice from the Forced Marriage Unit on 020 7008 0151 or fm@fco.gov.uk
- Refer the pupil to an education welfare officer, pastoral tutor, learning mentor, or school counsellor, as appropriate

Preventing radicalisation

- **Radicalisation** refers to the process by which a person comes to support terrorism and extremist ideologies associated with terrorist groups
- **Extremism** is vocal or active opposition to fundamental British values, such as democracy, the rule of law, individual liberty, and mutual

respect and tolerance of different faiths and beliefs. This also includes calling for the death of members of the armed forces

➤ **Terrorism** is an action that:

- Endangers or causes serious violence to a person/people;
- Causes serious damage to property; or
- Seriously interferes or disrupts an electronic system

The use or threat of terrorism must be designed to influence the government or to intimidate the public and is made for the purpose of advancing a political, religious or ideological cause.

Schools have a duty to prevent children from being drawn into terrorism. The DSL will undertake Prevent awareness training and make sure that staff have access to appropriate training to equip them to identify children at risk. We will assess the risk of children in our school being drawn into terrorism. This assessment will be based on an understanding of the potential risk in our local area, in collaboration with our local safeguarding partners and local police force.

We will ensure that suitable internet filtering is in place, and equip our pupils to stay safe online at school and at home.

There is no single way of identifying an individual who is likely to be susceptible to an extremist ideology. Radicalisation can occur quickly or over a long period.

Staff will be alert to changes in pupils' behaviour.

The government website [Educate Against Hate](#) and charity [NSPCC](#) say that signs that a pupil is being radicalised can include:

- Refusal to engage with, or becoming abusive to, peers who are different from themselves
- Becoming susceptible to conspiracy theories and feelings of persecution
- Changes in friendship groups and appearance
- Rejecting activities they used to enjoy
- Converting to a new religion
- Isolating themselves from family and friends
- Talking as if from a scripted speech
- An unwillingness or inability to discuss their views
- A sudden disrespectful attitude towards others
- Increased levels of anger
- Increased secretiveness, especially around internet use
- Expressions of sympathy for extremist ideologies and groups, or justification of their actions
- Accessing extremist material online, including on Facebook or Twitter
- Possessing extremist literature

- Being in contact with extremist recruiters and joining, or seeking to join, extremist organisations

Children who are at risk of radicalisation may have low self-esteem, or be victims of bullying or discrimination. It is important to note that these signs can also be part of normal teenage behaviour – staff should have confidence in their instincts and seek advice if something feels wrong.

If staff are concerned about a pupil, they will follow our procedures set out in section 7.5 of this policy, including discussing their concerns with the DSL.

Staff should **always** take action if they are worried.

Further information on the school's measures to prevent radicalisation are set out in other school policies and procedures, including curriculum, behaviour and E-Safety policies.

Peer-on-peer abuse

Peer-on-peer abuse is when children abuse other children. This type of abuse can take place inside and outside of school and online.

Peer-on-peer abuse is most likely to include, but may not be limited to:

- Bullying (including cyber-bullying, prejudice-based and discriminatory bullying)
- Abuse in intimate personal relationships between peers
- Physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm (this may include an online element which facilitates, threatens and/or encourages physical abuse)
- Sexual violence, such as rape, assault by penetration and sexual assault (this may include an online element which facilitates, threatens and/or encourages sexual violence)
- Sexual harassment, such as sexual comments, remarks, jokes and online sexual harassment, which may be standalone or part of a broader pattern of abuse
- Causing someone to engage in sexual activity without consent, such as forcing someone to strip, touch themselves sexually, or to engage in sexual activity with a third party
- Consensual and non-consensual sharing of nudes and semi nudes images and/or videos (also known as sexting or youth produced sexual imagery)
- Upskirting, which typically involves taking a picture under a person's clothing without their permission, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress or alarm
- Initiation/hazing type violence and rituals (this could include activities involving harassment, abuse or humiliation used as a way of initiating a person into a group and may also include an online element)

Where children abuse their peers online, this can take the form of, for example, abusive, harassing, and misogynistic messages; the non-consensual sharing of indecent images, especially around chat groups; and the sharing of abusive images and pornography, to those who don't want to receive such content.

If staff have any concerns about peer-on-peer abuse, or a child makes a report to them, they will follow the procedures set out in section 7 of this policy, as appropriate. In particular, section 7.8 and 7.9 set out more detail about our school's approach to this type of abuse.

Sexual violence and sexual harassment between children in schools

Sexual violence and sexual harassment can occur:

- Between 2 children of any age and sex
- Through a group of children sexually assaulting or sexually harassing a single child or group of children
- Online and face to face (both physically and verbally)

Sexual violence and sexual harassment exist on a continuum and may overlap.

Children who are victims of sexual violence and sexual harassment will likely find the experience stressful and distressing. This will, in all likelihood, adversely affect their educational attainment and will be exacerbated if the alleged perpetrator(s) attends the same school.

If a victim reports an incident, it is essential that staff make sure they are reassured that they are being taken seriously and that they will be supported and kept safe. A victim should never be given the impression that they are creating a problem by reporting sexual violence or sexual harassment. Nor should a victim ever be made to feel ashamed for making a report.

Some groups are potentially more at risk. Evidence shows that girls, children with SEN and/or disabilities, and lesbian, gay, bisexual and transgender (LGBT) children are at greater risk.

Staff should be aware of the importance of:

- Challenging inappropriate behaviours
- Making clear that sexual violence and sexual harassment is not acceptable, will never be tolerated and is not an inevitable part of growing up
- Challenging physical behaviours (potentially criminal in nature), such as grabbing bottoms, breasts and genitalia, pulling down trousers, flicking bras and lifting up skirts. Dismissing or tolerating such behaviours risks normalising them

If staff have any concerns about sexual violence or sexual harassment, or a child makes a report to them, they will follow the procedures set out in section 7 of this policy, as appropriate.

Serious violence

Indicators which may signal that a child is at risk from, or involved with, serious violent crime may include:

- Increased absence from school
- Change in friendships or relationships with older individuals or groups
- Significant decline in performance
- Signs of self-harm or a significant change in wellbeing
- Signs of assault or unexplained injuries
- Unexplained gifts or new possessions (this could indicate that the child has been approached by, or is involved with, individuals associated with criminal networks or gangs and may be at risk of criminal exploitation (see above))

Risk factors which increase the likelihood of involvement in serious violence include:

- Being male
- Having been frequently absent or permanently excluded from school
- Having experienced child maltreatment
- Having been involved in offending, such as theft or robbery

Staff will be aware of these indicators and risk factors. If a member of staff has a concern about a pupil being involved in, or at risk of, serious violence, they will report this to the DSL.

Checking the identity and suitability of visitors

All visitors will be required to verify their identity to the satisfaction of staff and to leave their belongings, including their mobile phone(s), in a safe place during their visit.

If the visitor is unknown to the setting, we will check their credentials and reason for visiting before allowing them to enter the setting. Visitors should be ready to produce identification.

Visitors are expected to sign the visitors' book and wear a visitor's badge. Visitors to the school who are visiting for a professional purpose, such as educational psychologists and school improvement officers, will be asked to show photo ID and:

- Will be asked to show their DBS certificate, which will be checked alongside their photo ID; or
- The organisation sending the professional, such as the LA or educational psychology service, will provide prior written confirmation that an appropriate level of DBS check has been carried out

All other visitors, including visiting speakers, will be accompanied by a member of staff at all times. We will not invite into the school any speaker who

is known to disseminate extremist views, and will carry out appropriate checks to ensure that any individual or organisation using school facilities is not seeking to disseminate extremist views or radicalise pupils or staff.

Non-collection of children

If a child is not collected at the end of the session/day refer to the Attendance Policy.

Missing pupils

Our procedures are designed to ensure that a missing child is found and returned to effective supervision as soon as possible. If a child goes missing, refer to section on attendance.

Mobile phones and cameras

- Staff are allowed to bring their personal phones to school for their own use, but will limit such use to non-contact time when pupils are not present. Staff members' personal phones will remain in their bags or desk drawers during contact time with pupils.
- Staff will not take pictures or recordings of pupils on their personal phones or cameras
- We will follow the General Data Protection Regulation and Data Protection Act 2018 when taking and storing photos and recordings for use in the school.
- On entering school, pupils are required to hand in and sign for their mobile phones and other mobile technology to be kept securely by the behaviour team throughout the school day. These will be returned at the end of the school day.
- Pupils will be reminded that outside of school online safety should still be adhered to as we encourage responsible use of these devices in our everyday practise.
